OVERALL RECOMMENDATIONS

Across program learning outcomes (PLOs), BA Health Care Studies students met or exceeded the acceptable and ideal targets for most 2014-15 assessment measures.

Student performance on the final papers in HCA 430, HCA 305, and HCA 331 associated with PLO 1, 3, and 4 respectively, did not meet the acceptable or ideal targets. The Program Chair and College of Health, Human Services, and Sciences Faculty may find it useful to explore this course, assignments, and/or PLOs in greater detail during their review of the 2014-15 assessment findings.

Overall, it is recommended that College of Health, Human Services, and Science Faculty review the assessment plans (including measures used and targets set) in preparation for the 2015-2016 assessment cycle to ensure ongoing support for students who will remain in the program through the teach out to completion.
