

Bachelor of Arts in Psychology

Program Type: Online

Did You Know?

- All CCAF Associate of Applied Science (AAS) degrees are accepted in transfer by the University of Arizona Global Campus.
- You only need a maximum of 60 additional credits from the University of Arizona Global Campus to complete your Bachelor of Arts in Psychology.

Degree Focus:

The Psychology major focuses on the study of human behavior and mental processes. This major explores psychology both as an area of scientific investigation and as a health or human services profession. Students majoring in psychology may also seek employment opportunities in business, law, government, health care, and other careers that involve understanding human behavior and providing competent leadership.

Program Outcomes:

Psychology major graduates will be able to:

- Demonstrate breadth of psychological knowledge;
- Analyze information and data with scientific thinking;
- Defend ethics, social justice, and diversity;
- Illustrate professional communication skills; and,
- Apply professional skills to career planning and success.

^ Non-transferable course that must be taken at the University of Arizona Global Campus (UAGC).

Certain degree programs may not be available in all states.

Any coursework completed at the University of Arizona Global Campus (UAGC) (including non-degree seeking) prior to the Associate in Applied Science degree being awarded, will count towards the 60-credit minimum requirement needed for the student's official evaluation.

This pathway provides a sample of how your credits may transfer to UAGC under this agreement. Actual general education requirements and applicable credits will vary based on the official transcript evaluation, and the sample plans do not guarantee that specific requirements will be fulfilled.

Licensure and Certification Terms and Conditions: The Bachelor of Arts in Psychology program is not designed to meet the state educational requirements for a specific professional license or certification in any state. Students seeking licensure or certification in a particular profession shall carefully research the requirements prior to enrollment and regularly review the requirements as they are subject to change. Requirements vary by state. The University of Arizona Global Campus does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in their field of study.

This program is not a licensure program and does not prepare an individual to become a licensed psychology professional. There is no practicum or internship associated with this degree.
